

My Dear Friend,

Ho ho ho!

I hope you are smiling as you read this letter. Even though Christmas comes in December, the Christmas spirit can live in your heart **all year long!**

That's why I've made something special just for you called **The Twelve Months of Christmas**. Each month, there's a small, kind thing you can do to help spread joy, just like an elf would at the North Pole.

Here's your Christmas-all-year plan:

January – Share the warmth by giving toys or clothes you no longer need.

February – Write kind words or draw a picture for someone you love.

March – Plant something and help it grow.

April – Share a sweet treat made with love.

May – Make your home bright and cheerful.

June – Sing happy songs, even Christmas ones!

July – Celebrate Christmas in summer with fun and laughter.

August – Be extra helpful and kind every day.

September – Think ahead and make a gift for someone special.

October – Have fun with fall and add a little Christmas cheer.

November – Say thank you and remember what you're thankful for.

December – Celebrate Christmas with joy, love, and magic!

Remember, my friend, you don't need reindeer, a sleigh, or a red suit to spread Christmas cheer. All you need is a **kind heart**.

I'll be watching proudly from the North Pole as you keep the Christmas spirit shining all year long.

With warm wishes, jingling bells, and a big Santa hug,

Santa Claus
North Pole
